Rebecca House

Night Time Shift

Thank you for your generosity

Night Shift Times: Approximately 6pm – overnight and collected at 10.00am the following day

Play Activities – These could include arts and crafts, baking, Dream Room (multi-sensory room), games, Wii, DVD, storytelling, acting, massage to hands or feet, pamper sessions eg foot spa, make up and nails.

Meals – Provided by our kitchens. Staff assist our children to eat or special feeds are given to them via their gastrostomy tube.

Bath – Our Jacuzzi bath or special wet room with shower would be used with 2 staff members present. For some children 3 staff are required for moving and handling and hoists etc are available to ensure children are moved safely & compassionately.

Medication – Our registered nurses will administer medications to the children if required particularly if it can take a while to administer. This will allow the parents/carers a break from their normal routine.

Staffing – For every child there is an allocated member of staff. On any shift there is always a Registered Nurse for every 4 children. Depending on a child's needs they may require 2/3 staff per shift.

Surroundings – This includes heating, electricity, equipment, food, toiletries and consumables e.g. paint toys, and also toiletries & nappies.

Bedtime Routine – Each child is treated as an individual and care given as it would at home to the best of our ability. Sleep systems or specialist equipment are set up, and care can include medication or overnight gastrostomy feeds.

Intercoms are available in all rooms. Night staff carry out 15 minute checks throughout the night as well as care when required, e.g nappy changes, feed checks, medications.

£450

SAMPLE

Rebecca House cares for families and children with life limiting illness.

By buying this gift you have helped us to provide a night of care for a child. Thank you.
