

## We will:

Give clear, honest and accurate information about what has happened or is going to happen, and why it is happening and to find ways to help you cope with your change in circumstances.

## How we do it:

- One to one and group support sessions.
- Advice for parents and carers.
- Training, advice and consultancy for schools on the Island in conjunction with other agencies.

# Young Person's Support Service

## What we do:

Our service offers support and information to children and young adults faced with the loss of a loved one e.g. a parent, following the death of a loved one or when dealing with their own life shortening illness, e.g. cancer.

## Who is this service for:

Any child or young person who has a life limiting illness, or has a family member who is or has been a patient of Hospice Isle of Man or Rebecca House Children's Hospice.

## We understand:

- That if you have a diagnosis of a serious illness, you may have lots of concerns and questions. With our support you can express these either in a one to one setting or as part of a group with other young people in a situation similar to yours.
- When someone you love is ill or has died, it can be a very isolating and devastating experience for the whole family and we can listen to you and include you in what is happening.
